A representative from the Higher Education Student Assistance Authority (HESAA) will provide guidance to students and their families in planning and understanding the college admissions process.

Topics covered will include information on the college application and admissions process, types of financial aid available, how to apply to college, and a review of the benefits of a 2-year college and transition to a traditional 4-year school.

This workshop is intended to put families at ease with the college admissions process, including the search, completing the application, and understanding financial aid.

Please reach out to Nancy Del Papa to register for this event: ndelpapa@collieryouthservices.org
